

# Tools and Tips for Ongoing Success

from the SchoolStatus Learning Lab

## QUESTIONS TO ASK WHEN EVALUATING TECHNOLOGY SOLUTIONS:

It doesn't matter how ground-breaking your new EdTech solution is if your team isn't actually using it.

YES NO

*If your district isn't meeting most of the elements on this checklist, you are not getting the most out of your technology solutions. At SchoolStatus, we believe ongoing training is a necessary component of any technology solution. That's why we've included the Learning Lab as part of every SchoolStatus subscription. For actionable data and meaningful parent communication, each teacher, administrator, and SPED director should be up-to-date on your technology solutions.*
